

Product Attachment GraphQL User Guide

How to install the extension

1. Upload via ZIP/Archive

- Back up your store's database and web directory
 - Download the extension zip file and extract the zip file
 - Transfer the **app** folder into the **Magento2 root** directory on the server
 - Enable maintenance mode **php bin/magento maintenance:enable**
 - Run the command **php bin/magento module:enable MageINIC_Core MageINIC_ProductAttachmentGraphQL**
 - Run the command **php bin/magento setup:upgrade** to install the extension
 - Run the command **php bin/magento cache:clean** to clean the cache
 - Disable maintenance mode **php bin/magento maintenance:disable**
 - Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.
-

Store Configuration

- Please include the following query in the body section to fetch the module store configuration values.

End Point : {{baseurl}}/graphql
Method: POST

Request:

```
{
  storeConfig {
    productattachment_enable
    productattachment_tabname
    productattachment_file_size_validation
  }
}
```

Response :

```
{
  "data": {
    "storeConfig": {
      "productattachment_enable": "1",
      "productattachment_tabname": "Product Attachment",
      "productattachment_file_size_validation": "5"
    }
  }
}
```

You receive store configuration data set on the backend, including:

- **productattachment_enable** - Enable the product attachment module functionality in the Website via the Yes/No option.
- **productattachment_tabname** - Set the product attachment tab name.
- **productattachment_file_size_validation** - set product attachment File size.

- **End Point** :{{base_url}}/graphql

```
{
  products(filter: { sku: { eq: "sku" } }) {
    items {
      name
      sku
      product_attachment {
        items {
          title
          description
          url
        }
      }
    }
    price_range {
      minimum_price {
        regular_price {
```

```
        value
      currency
    }
    final_price {
      value
      currency
    }
    discount {
      amount_off
      percent_off
    }
  }
  maximum_price {
    regular_price {
      value
      currency
    }
    final_price {
      value
      currency
    }
    discount {
      amount_off
      percent_off
    }
  }
}
```

sku - Added product Sku for filtering a particular product and getting product attachment data.

Response

- When filtering by particular SKU then this response is come.

```
{
  "data": {
    "products": {
      "items": [
        {
          "name": "Strive Shoulder Pack",

        "percent_off": 0
      }
    }
  }
}
]
}

```

Note

- Make sure your product attachment extension is enabled.
- If Product Attachment Data is null in response add an attachment for the product.
